

PHOENIX, ARIZONA

This sunset view from Camelback Mountain shows the capital city of the nation's fastest growing state. Phoenix is the cultural and financial center of the Southwest. Located in central Arizona, in the "Valley of the Sun," its principal industries include citrus, vegetable and cotton — tourists, aviation, and electronic manufacturing.

Queridos Amigos

En esta exitosa guerra por U.S.A estamos recogiendo un rico material para el "libro negro" que estamos escribiendo.
